inTUNE is dedicated to connecting on a heart and soul level with couples who desire to live in the moment on their wedding day. We believe that if we deliver consistent and creative weddings, considering every detail with love and transparency, transcendent and timeless moments will result.

We are much more than a Wedding DJ service; we are a full client care team of DJ's/Emcee's and Wedding Planning Professionals. It is a collective effort, streamlined to provide reassurance and support to our clients leading up to and including their big day.

# OUR PACKAGES ARE CUSTOMIZED AND COMPLETELY UP TO YOU.

**Start with our fundamental package, The Dancing Duo** - to which you level up by adding anything you need from our specialized a la carte menu.

## THE DANCING DUO.

This option covers cocktail hour to the last dance of the evening. The DJ will provide a great mix of tunes through the decades, make some announcements, potentially run some fun games and interact where necessary. The focus is on the music which is where memories are made after all!

## A LA CARTE.

Add one or add them all! Each of our specialized services will enhance your experience and provide your guests with a one of a kind event.

- **Emcee services** where inTUNE will be in charge of executing your custom-created dinner timeline, as well as hosting on the microphone, making all important announcements and providing an interactive experience.
- Onsite **ceremonies can add curated music** for when guests arrive, entrance music, register signing and exit songs. This part of the day is not as much about the DJ skills as it is about attention to detail, timing, and experience.
- **Dance floor lighting** with strategically placed LED lights.
- **Uplighting** which is typically used behind the head table, adds a certain vibe and atmosphere. It is a beautiful nice-to-have.
- **Looking for something not listed?** Let us know!

## THE FULL MONTY.

What if you want that extra mile? What if you are thinking...

*"We want to party like it's 1999, and not worry about a thing! Special lighting, onsite ceremony music and a party of the century reception with an emcee who can handle everything down to communicating with other wedding vendors and orchestrating our specific wedding day timeline. We need someone we trust to smoothly run the day so that we can sit back, be in the moment and enjoy every second."*

The Full Monty is just that, **all of our specialized A La Carte services** rolled into one easy package. You would also be working closely with our planning professionals in advance of the wedding day to **finalize your timeline** that all wedding vendors will receive. Our DJ/Emcee will **host the reception dinner** based on this timeline, making all important announcements relating to wedding traditions, introducing speeches and running games as well as **host the after-dinner party** with incredible music and guest requests leaving no space on the dance floor unused.

This is a wonderful way to remove stress from your wedding planning experience and we highly recommend it.

*less stress.? yes please!*

## LINER NOTES.

- As a client, you gain access to your own **private website** with incredible planning resources that you can manage through any of your devices.
- **Completely mobile**, we service all of Southern Ontario.
- **Legal and licensed.** We play clean radio edits so everyone can enjoy their evening with an extensive and diverse music library from the 1950's to today's hits.
- **Request music before your event** with recommended wedding lists and song suggestions you can use to add to your "Must Plays", "Do Not Plays" and any specific ethnic requests. If we don't have it, we'll get it for you. Also document those memorable music moments such as first dances and wedding party introductions.
- Official member of the **CDJA** (Canadian Disc Jockey Association).

Fully customize your day to exactly what you want. **Whatever you need, we have you covered.** Not finding something in particular that you want? Please ask us!
