LET LOVE BLOOM

BOUQUET STYLES

We work a little differently than traditional florists in that we only offer 3-4 bouquet styles at a time: **at least one neutral, pastel, and vibrant**. The recipes for these bouquets are pre-chosen and carefully crafted to include the freshest, most unique, and best quality flowers based on what's in season! So, you can be confident they'll be gorgeous, but we don't customize the bouquets.

WHAT'S IN SEASON FOR SUMMER

We always choose in-season ingredients, which means that we can get what's the best quality and price at any given time. We choose to use certain blooms just for a short season, or others not at all. We also choose shades and textures that make us think of the season we're in! In the summer, we love seasonal ingredients like:

Alstroemeria

Pampas grass

Delphinium

Ornamental kale

Carnation

Limonium

Silver dollar eucalyptus

They won't be in every bouquet, but these are some of the ingredients we'll likely use!

WHAT WE OFFER

BOUQUETS

We make each bouquet style in three sizes: Standard, Deluxe and Grand. You can choose any combination of sizes and styles for Couple Bouquet(s) and Wedding Party Bouquet(s)!

BOUTONNIÈRES

Blooms for grooms! Meant to be worn on jacket lapels, these are typically for grooms, groomsmen, Fathers of the happy couple, and other extra-special guests. We'll match the boutonnières to the bridal bouquet and tie them with twine and pins.

BUD VASE PACKAGES

This mix of 60 flower stems and greens to match your bouquet, with 48 cut glass bud vases, offers a modern, garden-inspired look.

TRADITIONAL CENTREPIECES

Our Standard-size bouquets in a luxe glass vase are the perfect fit for table centrepieces or decoration around your venue!

CORSAGES

Meant to be pinned on, these are typically for Mothers/ Grandmothers of the happy couple, and other extra-special guests. We'll match them to your bouquet and tie the ends with ribbon and pins. Pro-tip: for a wristlet style, you can DIY by pinning the corsage onto a piece of fabric/ribbon creating a bracelet!

EUCALYPTUS STEMS

Our bulk eucalyptus is available in increments of 5 bunches, with each bunch containing roughly 10-15 stems (5 bunches = 50-75 stems). To make sure we get you the best quality, we'll source whichever variety is in season and available at the time of your wedding. This means we can't promise a specific variety, but we can guarantee that it will be fresh and beautiful!

HOW IT WORKS

1 SELECT A DATE & LOCATION

Tell us when and where you're getting married. From there, you'll see the seasonal bouquets that we've designed for that date! We deliver across Canada in 300+ places!

2 CHOOSE YOUR STYLE & ITEMS

We always have at least 3 styles available: a **vibrant**, a **pastel**, and a **neutral**. We typically have the recipes ready 2-3 months out. If your wedding is coming up quickly, you'll see the bouquets we have available for that week. If you're ahead of the game and we don't yet have the bouquet recipes planned, we'll reach out with photos for you to choose from once we do. Tell us how many of each item you think you'll need (bouquets, boutonnieres/corsages, centrepieces, eucalyptus stems) and we'll get back to you with a quote immediately! Lock it in with a 10% non-refundable deposit.

3 FINALIZE PLAN

Confirm your bouquet style and the items you need. Since our flowers come fresh from the farm, some arrive quite tight and need some time to open up. Based on the bouquet you choose, we'll recommend a delivery date to make sure your flowers look perfect for the wedding! Confirm the delivery date and address. Pay the final invoice. Our local delivery team will deliver the flowers right to your door!

Friendly, punctual and fantastic quality and price. I also love that they choose the flower options for you and narrow your thinking process. We had so many flowers!

— Real Callia Bride Raelyn, June 2021

We LOVED our wedding flowers. Caitlin was so easy to work with and the price point cannot be beat for real, fresh flowers (that smell amazing!). Ours lasted throughout the day (plus going into the following week)!

— Real Callia Bride Mackenzie, July 2021

We had received Callia bouquets in the past and were always so impressed with the fresh blooms and longevity of their flowers that we decided to book Callia for our wedding bouquets, boutonnieres, and corsages. Caitlin from Callia took very good care of us and her emails were always prompt, professional and friendly. Our flowers arrived a few days before our wedding to open. By the time our big day arrived, the flowers were at their peak and looked/smelled amazing!
