Corporate Dining & Private Event Opportunities

83 Yonge St, Toronto ON M5C 1S8

Concept and Vision

Located just steps from Toronto's Financial District Gate, Convivium Dining Community is a newly opened fine dining restaurant designed to bring people together through elevated food, warm hospitality, and beautifully curated spaces.

With three floors of refined interiors and six private dining rooms, we offer a sophisticated yet approachable setting ideal for business lunches, executive meetings, and private corporate events. At Convivium, every detail is crafted to turn everyday moments into memorable dining experiences.

Living Legacy of Toronto Heritage

Completed in 1857, the Tin & Copper Smith Building was designed by renowned architect Joseph Sheard, who later became Mayor of Toronto. Located in what is now the financial core, the building was originally commissioned as a metalsmith workshop by Hiram Piper, a master craftsman in tin and copper. Its early industrial use reflects the city's architectural and commercial growth in the 19th century. Today, this heritage building in downtown Toronto stands as one of the city's few surviving mid-century commercial structures – a vital part of Convivium's unique story.

Refined Business Setting

Our three-level restaurant offers a refined yet comfortable environment, perfect for both casual and formal business gatherings.

On the second floor of Convivium, you'll find six beautifully appointed private dining rooms, each designed to accommodate 8 to 20 guests.

These exclusive spaces feature elegant interiors, natural light, and complete privacy – ideal for executive meetings, client lunches, team celebrations, or strategic planning sessions.
