PROCESS

1. MEET WITH US

Well ahead of the event date, our expert *Artistic Director* will sit down with the client to understand the desired idea of the entertainment and discuss parameters such as floor space, timelines, budget, and theme. The *Artistic Director* will also present the various *Main Show Choices* and discuss best *Pre- and Post-Show Options* for a complete experience.

2. REVIEW PROPOSAL

Post the meeting, we will visualize the show concept and put together an *Entertainment Proposal* which will include approximate timelines, costuming, detailed show descriptions and cost estimates.

3. CONFIRM THE SHOW

Tweaks to the entertainment proposal are all part of the process, and when we have it just right, our preparations begin—the paperwork will take care of itself.

To touch, to move,
to inspire. This is
the true gift of dance.
- Aubrey Lynch

Dear friends,

First and foremost, I'd like to say thank you for expressing interest in KulKat Entertainment; but more importantly in the breathtaking, enigmatic and crazy world of dance. A world that has the power to seduce, inspire and exhilarate the soul!

Having been dancing since the age of 6 myself, this art form has taken me on a whirlwind of emotions—a life filled with music, beauty, grace and self expression—something which I would not give up for the world. In fact, that is the inspiration behind KulKat: a deep and profound desire to share with the world the freedom, joy and awe of movement and creative expression we feel during each and every performance.

We are very blessed to be able to work with some of the most dedicated, talented and accomplished dancers in Canada, who live and breath their craft and whose creativity knows no bounds. In fact, with the strong team of dancers, professional costumers, choreographers and artistic directors, our work is an expression of the joy and gratitude we feel in being able to share our captivating world with you!

My hope for every event and production that we create, is that despite our world today, when everything moves at the speed of light, there is a moment in time, when music and movement collide, exciting the senses and inspiring the soul!

We hope you enjoy working with us, and welcome to our world!

Kristina Kulikova
