

# MUSE EVENT SPACE

is a revolutionary concept designed to be a venue flexible enough for you to create an event that brings your vision to reality, yet reliable enough that you'll trust our direction for your next milestone, corporate, or social. We've partnered with the most reputable caterers and entertainers and have negotiated the best possible rates in the city to create a quality experience.

---

## Here's how it works:

01

### **Meet the Space**

Our venue manager will provide a tour of the main dining room and chic upper loft and detail furnishings for the space you choose. Combine both for the ultimate experience.

02

### **The Host with the Most**

You will be suggested a beverage package to suit your event needs. Take things to the next level by adding a MUSE Signature addition to make your event unforgettable.

03

### **Eat and Enjoy**

You will be connected with reps from our preferred vendors who will create a custom menu and entertainment package for your event. Looking for something else? Ask how.
