Virtual Photo Experience for your Virtual Events

Use any device, from anywhere, *no app needed!*
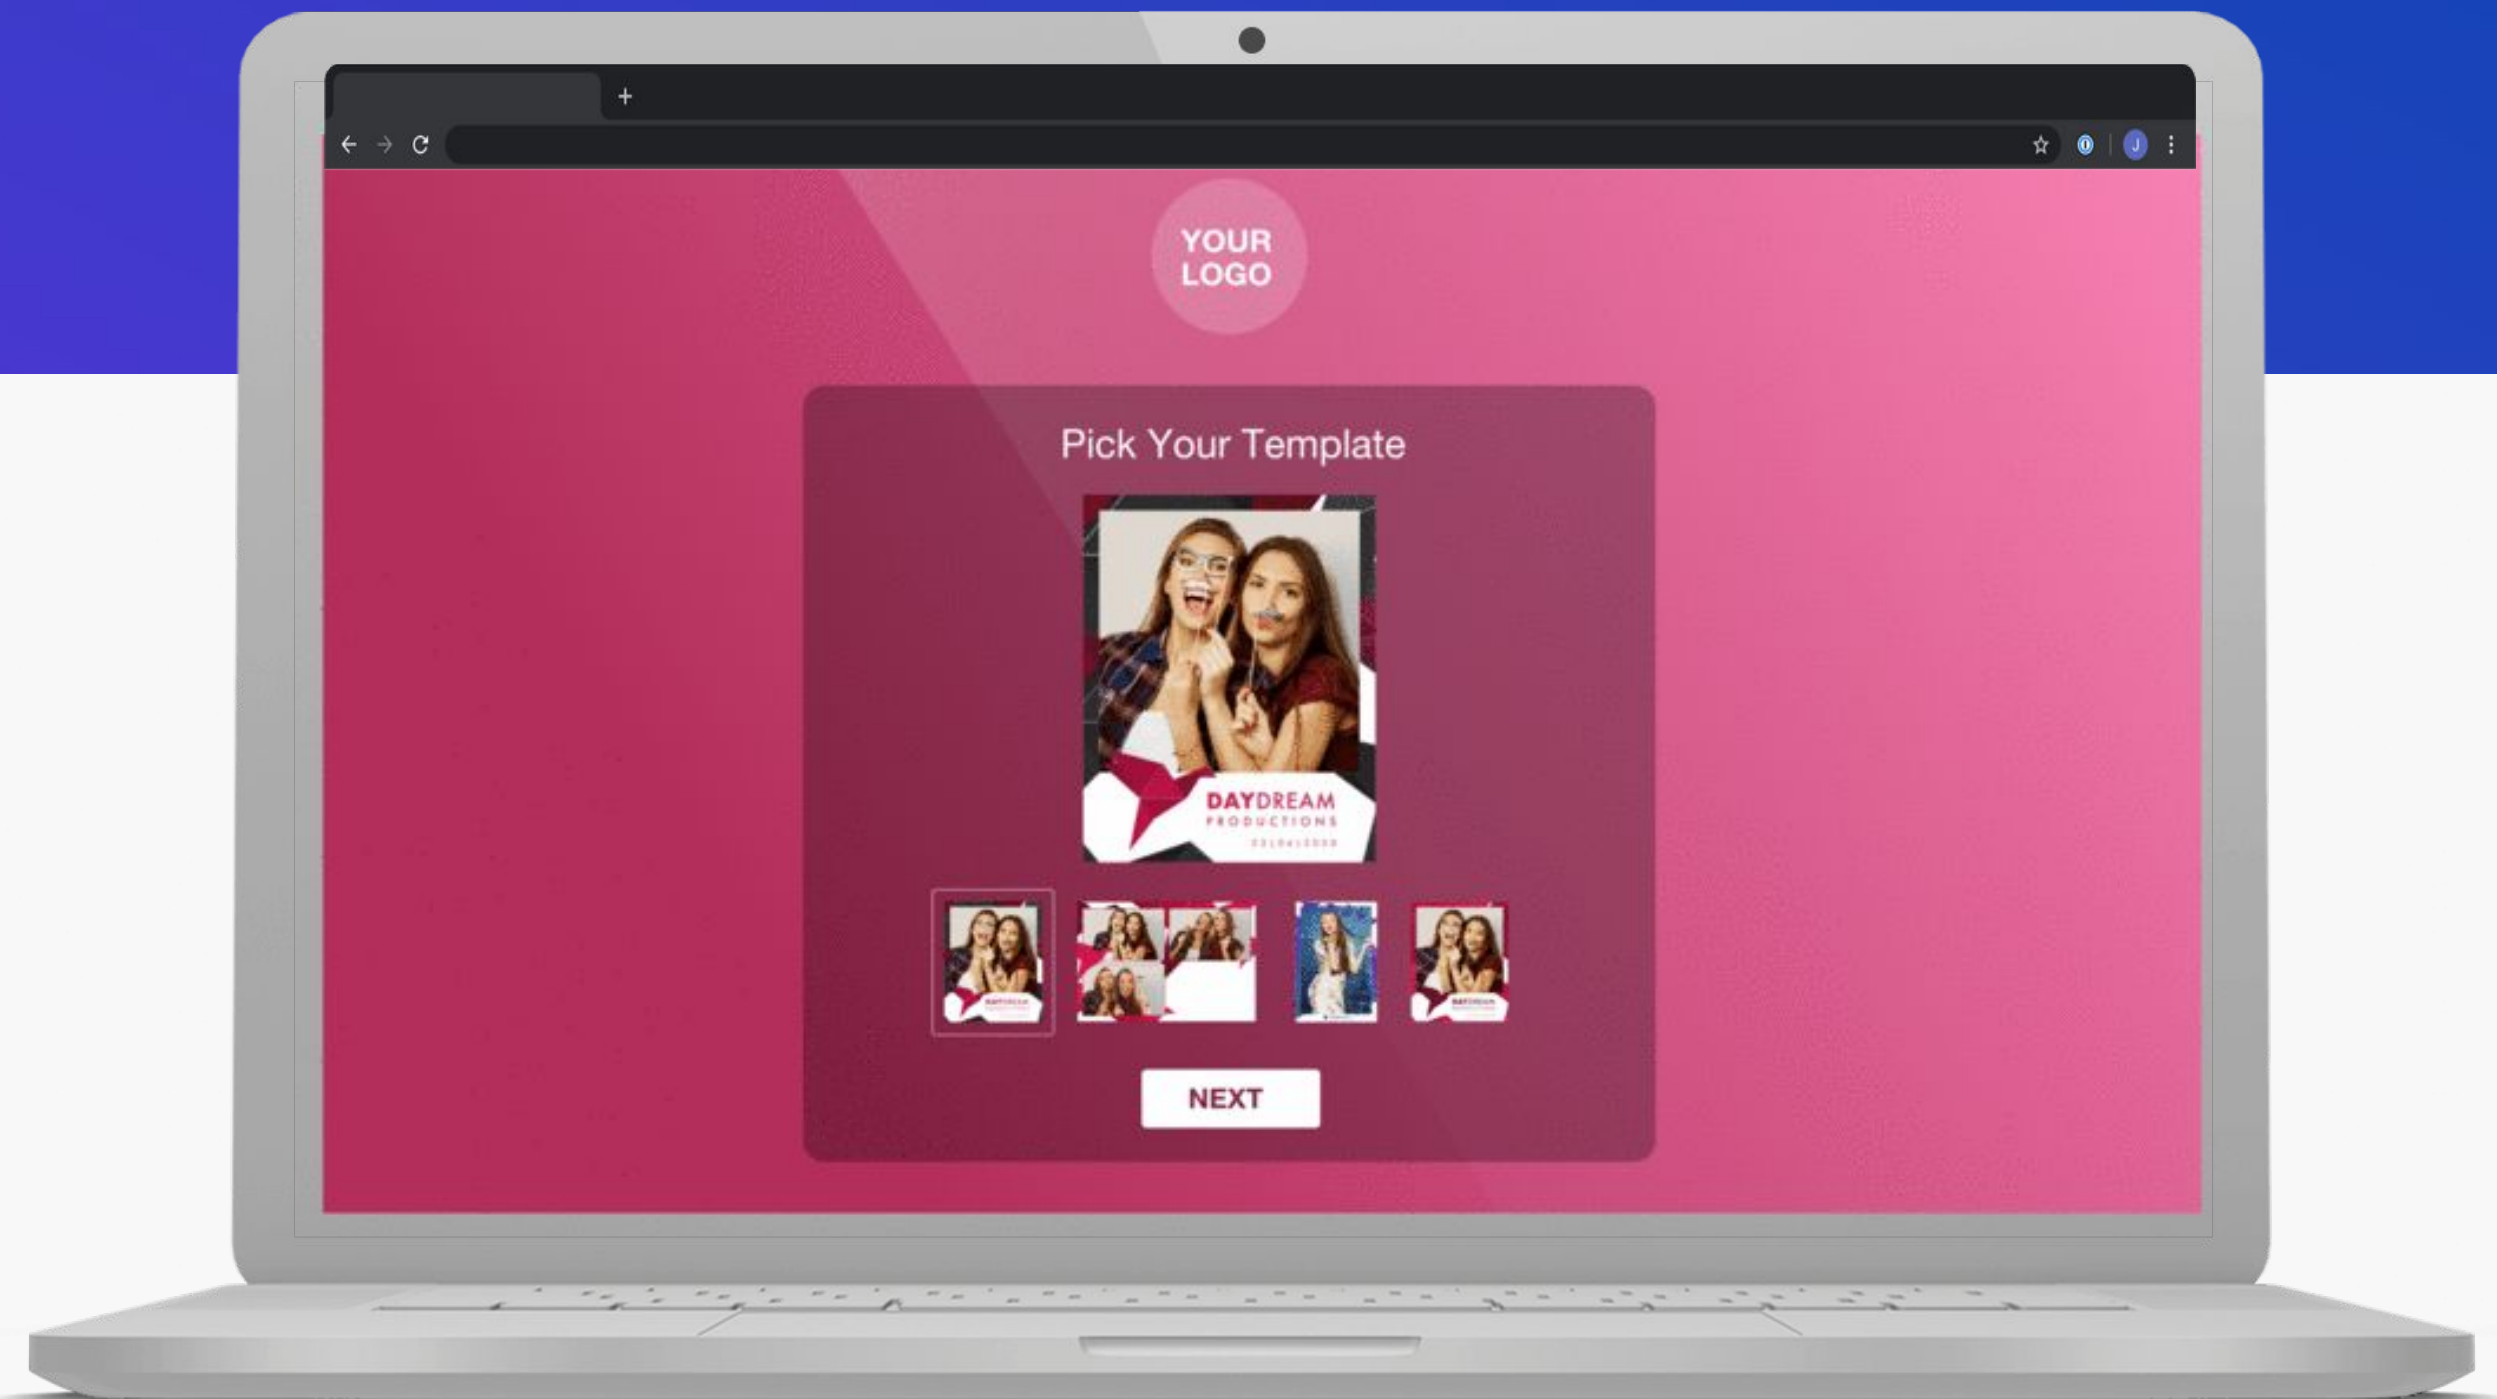

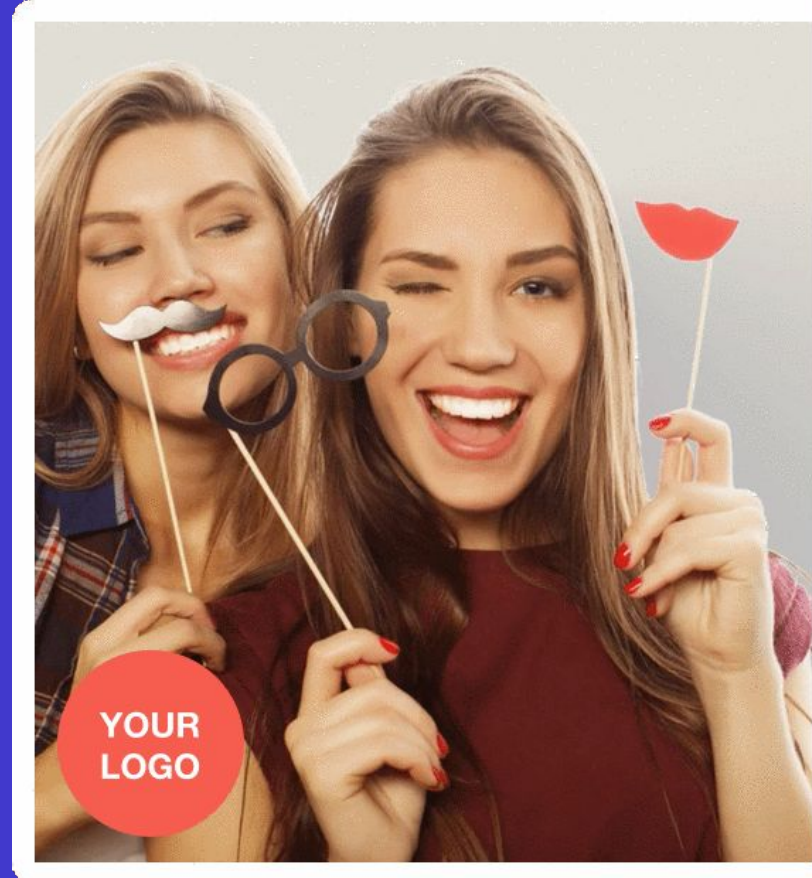

PHOTOBOOTHTO

Browser-based virtual photo booth for remote teams, virtual events, conferences and more.

FEATURE RICH

- Fully customizable
- Multiple experiences
- AI Background removal
- Competition
- Photo Vetting
- Analytics
- Galleries
- Social sharing

Multiple Experiences

STILL GIF & BURST

Allow guests to choose an experience, Still, GIF's or Bursts (boomerangs) fully branded and more than just a photo.

Customization

FULLY BRAND THE VIRTUAL BOOTH EXPERIENCE!

Add custom branding to the web portal, emails, competition, and photo templates. Add animated overlays & buttons to make the experience pop.

AI Background Removal

We use artificial intelligence to automatically replace any background. Upload your own backgrounds for guests to choose from.

Competition

SCRATCH & WIN

Create a more engaging experience with our custom competition feature, Scratch & Win.

More Awesome Features

Approve

Approve photos before they are uploaded to your microsite.

PASSWORD

Password protect your galleries and experiences

SHARE DATA

Capture emails and phone numbers

GALLERY

Customizable online gallery with all your photos

AVA & FACEMATCH

Track various metrics such as age range, gender and number of faces in each photo
