

Corporate & Private Events

Porsche. There is no substitute.

Porsche Experience Centre Toronto (PEC Toronto) is a world-class destination where the thrill of driving meets the pinnacle of design, engineering, and passion. As the 10th Experience Centre globally and the 3rd in North America, it offers a unique and exclusive opportunity to immerse yourself in the Porsche world like never before.

Driver Development Modules

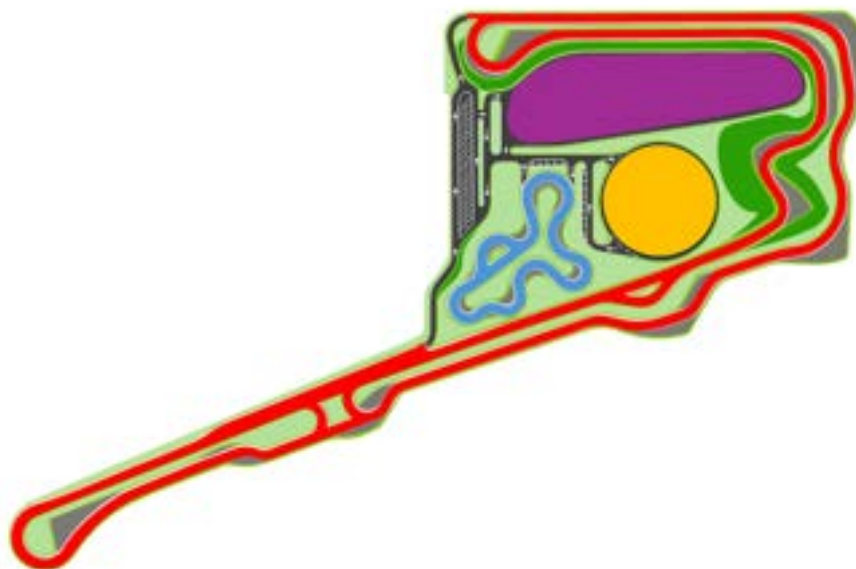

Ignite excitement and strengthen bonds with our thrilling group drive experiences. The circuit is perfect for team building, celebrating special moments, or simply having an unforgettable time with friends, family, or colleagues. Get ready for an adrenaline-fueled adventure that brings people together in the most exhilarating way.

Handling Circuit: A 2-km circuit inspired by some of the most famous driving roads and tracks from around the world. Designed to showcase the legendary performance and handling of Porsche vehicles. While not a racetrack, our handling circuit will test and refine driving skills.

Low-Friction Drift Circle: A polished concrete and asphalt surface creates a low-friction environment, similar to ice. This module challenges even experienced drivers to correct oversteer and understeer through precise steering and throttle inputs.

Low-Friction Handling Circuit: A polished concrete course consisting of varying radius corners, where drivers are put to the ultimate test of vehicle control.

Dynamics: An open, paved area where guests will experience Porsche handling characteristics and proper driving techniques. This area will test the speed, agility, and braking performance of both the driver and the Porsche they are driving.

Group Driving Packages

Available for groups of eight or more, PEC Toronto driving packages allow guests to experience various Porsche sports cars across nearly every driving condition and surface imaginable. Our world-class Porsche Certified Driving Instructors support each driver, providing engaging, educational, and exciting experiences. Whether you're here for driver training, team building, or pure adrenaline, our programs deliver an unforgettable experience.
