bosk

Welcome to bosk - Dalla Natura (Rooted In Nature), where culinary mastery meets unparalleled hospitality. Nestled within the Shangri-La Toronto, bosk introduces diners to a refined symphony of Northern Italian flavours. Dishes are crafted using ingredients from local Canadian farmers combined with the best regional products from Italy.

Embark on a gastronomic journey celebrating Italian cuisine. From handcrafted pastas to succulent meats and seafood, each bite is a symphony of flavours inspired by traditional recipes.

Restore your mind & body

Our state-of-the-art health club boasts an air-conditioned gym featuring an extensive range of Technogym equipment for all of your cardio and strength training needs.

The 20-metre lap pool lies beneath a glass roof, enhanced with cascading water features. A beautifully designed infrared sauna, next to the pool has been designed to provide natural sun-like warmth. Swirling water jets and clouds of steam await in our steam room, designed to naturally detoxify your body and hydrate your skin. Our luxurious cabanas let you enjoy panoramic view, each with their own built-in televisions.

The wooden floors of our fitness studio feature a fully mirrored side wall with a plie bar. A selection of yoga and fitness classes are available on request.

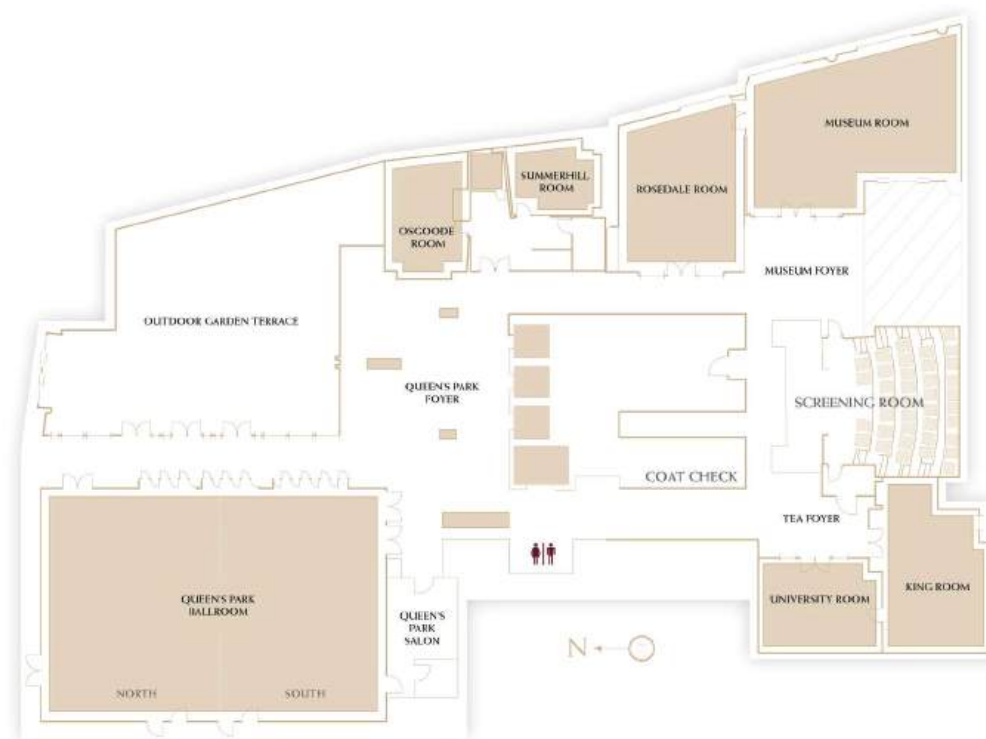

Extraordinary Meeting & Events

Eight distinct rooms encompassing more than 10,000 sqf of meeting and celebration space, including a 42-seat private screening room and private executive boardrooms.

Minimizing & Eliminating Single-Use Plastics

We have implemented several sustainable initiatives to reduce single-use plastics, including replacing plastic bottles with glass, switching from plastic to wooden key cards, prioritizing bulk purchases with minimal packaging, introducing reusable produce containers, and adopting eco-friendly takeout options.

Reducing Food Waste

We manage inventory by utilizing accurate forecasting and implementing a First-In, First-Out (FIFO) system to minimize spoilage. Additionally, we maintain open communication with the kitchen regarding items nearing expiration to ensure timely usage.

Rooted In Nature

Our "Rooted in Nature" dishes feature fresh produce sourced from local vendors who partner directly with nearby farmers, ensuring the highest quality and sustainability. Our custom-built B-Wall houses approximately 50,000 honeybees and yields around 20 kgs of sustainable honey annually, which we incorporate into our culinary creations.

Our *Sustainability* journey

Recycling And Resource Efficiency

We recycle paper, reuse the backs of used sheets, and segregate waste at our loading dock.

Local Sourcing

We partner with Ontario suppliers to support local businesses and reduce transportation emissions.

Community Engagement

Every Earth Day, we conduct a community clean-up drive in the hotel vicinity.

Energy Conservation

By adopting Ecoburner units in our banquets, we have significantly reduced our environmental impact, preventing 491 kilograms of landfill waste and lowering carbon emissions by 2.1 tonnes. Additionally, we replace linens and towels every two days unless guests request otherwise, contributing to water and energy conservation.

Shangri-La *Circle*

The gateway to discovering your Shangri-La

Whether you're here for a bite or a string of nights, join as a member to enjoy exclusive benefits and a seamless digital experience.
