EVENT SPACE

THE CONCEPT MAN

The Concert Hall Venue

Toronto's premier event space is a one-of-a-kind historic gem perfectly suited for momentous occasions. Housed within the hallowed Masonic Temple, the iconic venue is an impressive mix of vintage architectural details and modern amenities, making it the perfect backdrop for your bespoke event.

Centrally located in prestigious Yorkville, just north of the bustling intersection of Yonge and Bloor Streets, The Concert Hall is easily accessed from all parts of the city, and the main hall can comfortably accommodate up to 700 guests.

If its walls could talk, you'd be transported back in time to seminal musical performances by the likes of Tina Turner, Neil Young, Led Zeppelin, The Who, B.B. King, David Bowie, Duran Duran, Queen Latifah, The Tragically Hip, and Adele, among many others.

The venue's cachet goes well beyond that. Frank Sinatra used to rent the space for private parties, and The Rolling Stones chose it many times as a rehearsal space before embarking on world tours.

The appeal of the space is legendary.

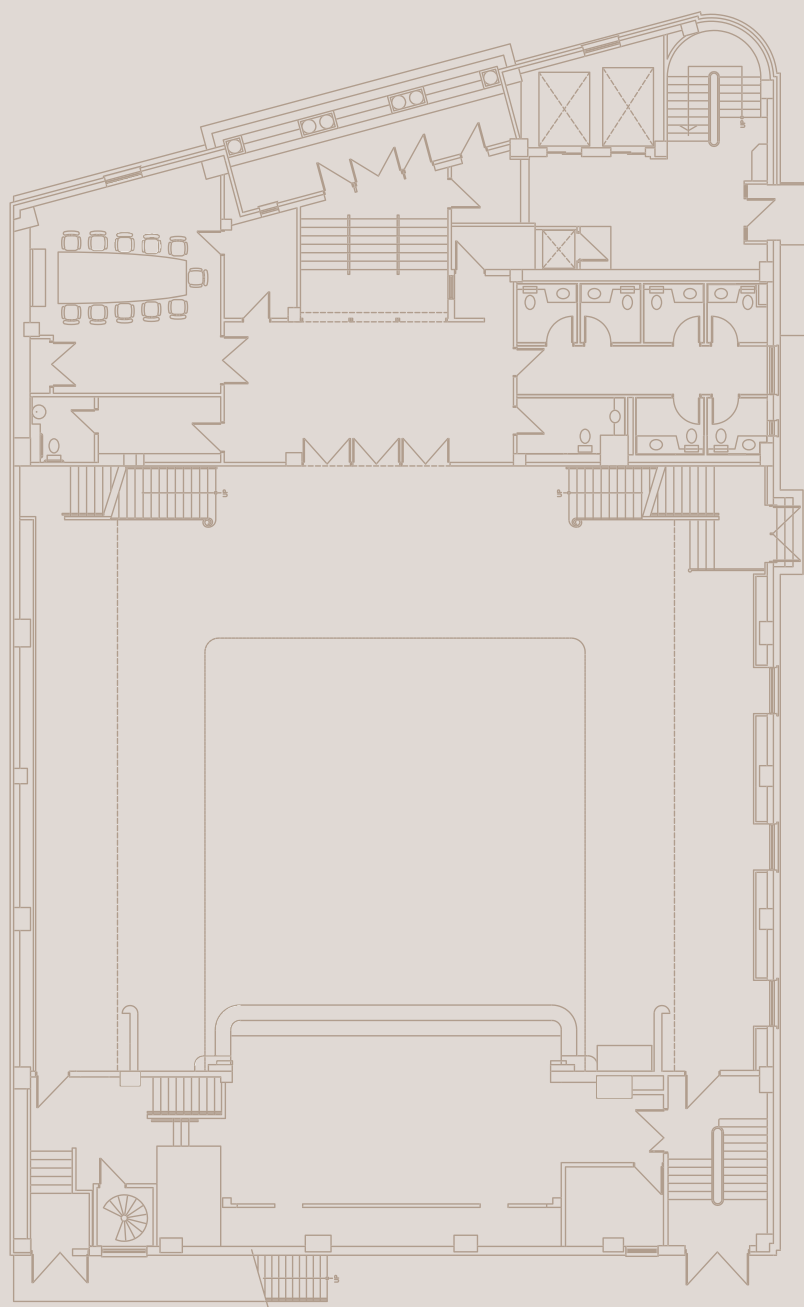

How it transforms *your* event into something unforgettable is limited only by your imagination.
