Weddings at The Florist's Loft are like no others in the city. No need to worry about weather permitting ceremonies as our indoor fresh flower creations are always in season. The green and white room provide 2 different sceneries in the venue with stunning floral wall installations in The Green Room and a beautiful clean canvas in The White Room.

Work with our highly experienced in-house events team in a space that can accommodate up to 80 people seated and 125 for cocktails.

An investment of \$900-\$1300 includes the venue for the day, cleaning, and floral wall installations. The price ranges based on the event. Please contact us to discuss. The rental fee that provides for all rentals for the event (linens, tables, clear chairs, a large variety of glassware, flatware, plate chargers (gold, silver, or clear), cruiser tables, serving trays, etc.) is \$20 per person for a formal seated event and \$10 per person for a cocktail event.

The event can also be held anytime between 7:00 am and 2:00 am, so you can stay as long as you would like in that time frame. We have a very large, fully loaded kitchen to heat up and prepare food and a new surround system for playing music. Outside catering is allowed without a landmark fee. You can also choose the colours of one of the floral wall installations in the venue, all of the flowers are real, and all the installations come with the venue. You may purchase alcohol yourself, and we can get a bartender to serve the drinks for your event.
