Frequently Asked Questions (FAQ)

Question: Does the Glenerin Inn & Spa provide parking for corporate meetings and events on the property?

Answer: Parking is not only provided at the Glenerin Inn & Spa, but it is complimentary for all meeting attendees and guests. Parking is available in the main outdoor parking lot, select spaces in an adjacent underground parking lot, and in an auxiliary parking lot for overflow. In the event of a larger corporate meeting, additional parking can be secured through city parking permit for street parking adjacent the Glenerin Inn & Spa. During busy event days, a parking attendant is stationed in the parking lot to assist and direct guests to the most convenient parking spaces.

Question: For corporate clients and guests, what time is recommended for check-in and check-out.

Answer: During periods of busy activity at the Glenerin Inn & Spa it is recommended to check-in after 3:00pm however special requests can be made for early check-in of any VIP guests with your group, based upon space availability. Every effort will be made to accommodate your valued guests as soon as guestrooms become available and are professionally serviced by our efficient housekeeping team.

For check-out, it is recommended to depart no later than 11:00am to ensure guestrooms may be serviced for same day arrivals. For any late departure requests these may be accommodated for VIP guests based on space availability. Luggage storage is always available after 11:00am along with lunch service in the Dining Room.

Question: Does the Glenerin Inn & Spa provide wireless internet (Wi-Fi) services to corporate clients and is there a cost for this service?

Answer: The Glenerin Inn & Spa provides complimentary Wi-Fi in all areas of the property, public space such as the lobby, lounge, restaurant, outdoor patio, breakfast bar, all five event spaces, including the outdoor wood deck overlooking the Sawmill Valley, and all guestrooms. Wi-Fi is regularly tested to ensure it maintains optimal Mbps speed for usage by valued corporate clients and guests.

Since the Wi-Fi service is open to all guests, it is recommended to use a virtual private network (VPN) of your choice to ensure any confidential data is safe and secure. Please consult with your company IT department for this purpose.

Question: There are many team members at my company that have specific dietary needs. Can you accommodate dietary needs for attendees?

Answer: Our executive chef has extensive experience in menus and cuisine to accommodate many dietary needs. These may include gluten free meals, certain food allergies, lactose intolerance, vegan and/or vegetarian cuisine, halal, diabetic friendly, ketogenic, and low-carb diets. Please consult with our catering manager for specific needs and requirements or request an in-person consultation with our executive chef. It is our desire to make sure our corporate clients have a safe and enjoyable dining experience with us during their meetings and events.
