

ZSUZSI PAL
PHOTOGRAPHY

Hello!

Hi I'm Zsuzsi. I am a wedding photographer who strives to capture your day by creating timeless art during your most meaningful moments. I take the time to really get to know you and become an integral part of your wedding team, which makes our time together even more enjoyable. Throughout my many years of experience, I have gained a clear, and unique vision, that is personalized to your wants and needs.

I believe that combining beautifully crafted documentary images with modern portraiture creates timeless photographs that tells the story of your day for years to come. The result will be photographs that you find yourself looking at over and over again.

My approach to capturing genuine emotion in a photograph is to encourage natural movement and interaction with each other and myself, rather than a focus on statically posing. When you look at the images of yourselves, you will remember what it felt like to be in that moment.

I am honoured; honoured to know you; to be invited to share your precious day; to capture your forever in pictures. It is a role I am deeply grateful for. ***Your happily ever after starts with your wedding day and lives on through captivating photos you love.***
